

DOE/EIA-0218(82/39)

Weekly Coal Production

Production for Week Ended:
September 25, 1982

Released for Printing:
October 1, 1982

Highlights

Production of bituminous coal and lignite in the week ended September 25, 1982, as estimated by the Energy Information Administration, was 11,292,000 short tons. This was a decrease of 4,170,000 short tons, or 27.0 percent from production in the previous week due to the strike by the Brotherhood of Locomotive Engineers from September 19 - September 22. Production in the corresponding week of 1981 was 19,255,000 short tons. Bituminous coal and lignite production from January 1 through September 25, 1982 totaled 609,175,000 short tons, up 7.0 percent from production in 1981.

Production of Pennsylvania anthracite in the week ended September 25, 1982, as estimated by the Energy Information Administration, was 105,000 short tons, a decrease of 12,000 short tons or 10.3 percent from production in the previous week. Production in the corresponding week of 1981 was 85,000 short tons. Anthracite production from January 1 through September 25, 1982 totaled 4,562,000 short tons, up 13.9 percent from production in 1981.

Weekly Coal Production provides timely information on coal: current statistics on the production of anthracite, bituminous coal, and lignite are provided each week; monthly, quarterly, and annual statistics on coal consumption, production, stocks, imports and exports, and related supply and demand data are provided as they become available.

Weekly Coal Production is intended for use by the coal industry, the press, State and Federal Governments, policy makers, consumers, and analysts. Weekly coal production estimates are based on current trends in weekly rail carloadings of coal and current coal production trends as reported in *Coal Distribution* (Form EIA-6), monthly and quarterly coal production reports from State mine agencies, and *Coal Production Annual* (Form EIA-7a).

This publication is available on an annual subscription basis from the Superintendent of Documents, U.S. Government Printing Office.
